

Selecting Hill Physicians with Cigna*

During **Open Enrollment**, your HMO will ask you to select a **Primary Care Provider**, or PCP. When you make that selection, you'll be asked for the doctor's **Identification Number**. This is a unique number that not only identifies the doctor; it also indicates his or her medical group affiliation. Some doctors have several numbers so look for the one that enrolls you with Hill Physicians. If you don't, your HMO may assign you to another medical group. Although this will not affect your plan's benefits, it may impact your overall experience because medical groups provide different resources and have different administrative procedures.

Hill Physicians members enjoy the ability to self-refer within our network for vision, mental health and OB/GYN services, get discounts on yoga and massage services, free teleclasses, audio and video podcasts, a comprehensive health library and may qualify for nutritional, acupuncture and chiropractic services. The tips below will help you **Get More with Hill Physicians**.

Finding Physician and Medical Group ID Numbers: The steps and images below will guide you through selecting a doctor, highlighting how and where to find PCP and Medical Group ID Numbers necessary on your enrollment forms.

1. Visit **Cigna.com*** and click on the link to **Find doctors or dentists by specialty**.
2. For **Provider Type**, select "Physician" and enter your **Location**. Click **Next**.
3. Select your health plan network and then indicate that you're looking for a "Primary Care Physician."
4. Scroll to the bottom of the screen and click **Search**.
5. Once the listings are shown, click on a physician's name to find the identification numbers which indicate his/her affiliation with **Hill Physicians Medical Group**.
6. Enter the numbers for your selected physician on your **Change Enrollment** form. You're done!
