

Selecting Hill Physicians with Health Net*

During **Open Enrollment**, your HMO will ask you to select a **Primary Care Provider**, or PCP. When you make that selection, you'll be asked for the doctor's **Identification Number**. This is a unique number that not only identifies the doctor; it also indicates his or her medical group affiliation. Some doctors have several numbers so look for the one that enrolls you with Hill Physicians. If you don't, your HMO may assign you to another medical group. Although this will not affect your plan's benefits, it may impact your overall experience because medical groups provide different resources and have different administrative procedures.

Hill Physicians members enjoy the ability to self-refer within our network for vision, mental health and OB/GYN services, get discounts on yoga and massage services, free teleclasses, audio and video podcasts, a comprehensive health library and may qualify for nutritional, acupuncture and chiropractic services. The tips below will help you **Get More with Hill Physicians**.

Finding Physician and Medical Group ID Numbers: The steps and images below will guide you through selecting a doctor, highlighting how and where to find PCP and Medical Group ID Numbers necessary on your enrollment forms.

1. Visit **Healthnet.com*** and click on **ProviderSearch**.
2. If you are a **Health Net** member, you can log-in with your membership ID# and subscriber date of birth. If you are not a member, select one of the guest options to search based on provider name, ID #, or location.
3. Once you have entered your criteria, click **Next**.
4. Select your **Plan Name** and further refine your search as desired. For **Medical Groups**, you have the option of selecting "Hill Physicians Medical Group" as shown with the arrow in the image.
5. Click **Search**. Your **Search Results** will show a list of providers who match your search criteria.
6. Click on a physician's name to find the **identification numbers** which indicate his/her affiliation with your health plan and Hill Physicians Medical Group. Record these numbers to use on your **Change Enrollment** form. You're done!

Or visit **HillPhysicians.com/directory** to find the PCP of your choice. Then enter his/her name on **Healthnet.com** to find the necessary ID #'s.
