FOR IMMEDIATE RELEASE

**PriMed Named One of the Healthiest 100 Workplaces in America
Hill Physicians Medical Group's Management Company Acknowledged Again**

SAN RAMON, CA (September 27, 2017) – PriMed Management Consulting Services, Inc., the management services company for Hill Physicians Medical Group, has been named number 9 among the 2017 Healthiest 100 Workplaces in America.

This coveted honor is given only to 100 of the nearly 5,000 U.S. companies considered for the award each year. This is the third such workplace honor for PriMed in the past month. Earlier this month, PriMed received a Healthiest Employers award, placing first in the large sized company category in the San Francisco Bay Area. And Forbes Magazine announced that PriMed earned its Gold Award, recognizing it as one of the organizations scoring highest in the American Heart Association's Workplace Health Award Achievement Index, developed in collaboration with the AHA's CEO Roundtable and its Center for Workplace Health Research and Evaluation.

"At PriMed, we take great pride in supporting a healthy working environment for all of our employees," said Tom Gergley, Wellness Program Manager of PriMed. "We encourage involvement in company-wide health screenings, and provide numerous resources for our employees so that they can actively take charge of their health and well-being."

The award recognizes exceptional achievement and leadership in building a healthy and productive workplace which is committed to employee and community health and wellbeing. Applicants were evaluated across six key categories: Culture and Leadership, Foundational Components, Strategic Planning, Communication and Marketing, Programming and Interventions, and Reporting and Analysis. Completed assessments were ranked with the proprietary Healthiest Employer Index, a 1-100 metric for wellness programming.

"Being recognized nationally for our own wellness program confirms our passion to create a culture of health that provides our employees with the support and resources to live healthier lives," said David Joyner, CEO for PriMed. "We are extremely honored to receive this award."
